I am applying for a scholarship as outlined above, and represent that financial assistance is required for this child to participate in the Truckee Youth Football and Cheer [TYFC] for the 2009 season. All information provided in this form is true and correct. I understand that misrepresenting and/or falsifying any information in this form and/or receiving financial assistance when same is not needed, is an act of fraud and may result in this child being pulled from the program immediately upon such fraud being suspected and/or proven in addition to any and all other legal means of collection for reimbursement of league funds spent for this child being pursued against me personally.

### 2010 SCHOLARSHIP AGREEMENT

In exchange for this child receiving full scholarship assistance to participate in the TYFC this year, I commit to providing no less than ten (10) hours of volunteer service to the League for the 2010 year, within my physical ability to do so.

In exchange for this child receiving partial scholarship assistance to participate in the TYFC this year, I commit to providing no less than five (5) hours of volunteer service to the League for the 2010 year, within my physical ability to do so.

I understand that volunteers are needed to assist with equipment inventory both pre and post season, passing out equipment/uniforms, setting up and taking down home fields, chain gang, time/score keeper, game monitor, setting up and taking down the snack shack, working in the snack shack, and in various other areas. If I have an aptitude or experience in any given area, I will let the Board know, so my talents may be put to use in such areas. I will not wait for the League to search me out to provide my hours of service, but will do my best to be readily available and to provide service where it is obvious that help is needed.

I understand that this commitment is made to the LEAGUE, not to any particular team, and I will provide volunteer hours to the LEAGUE as a whole in addition to any assistance I may provide to any particular team.

If at any time during the 2010 season my financial situation improves such that I am able to afford my child's full registration fee, or some greater portion thereof that I have not already paid, if I have not already put in my ten (10) hours of volunteer service, I may choose to "buy out" my remaining hours of service through payment of fees rather than through hours of service, at my option.
